SHIFT TIPS**

*Do The*  
**SUMMER  
SHIFT**

Doing The Summer Shift helps keep electric rates affordable for all members. Anyone can participate by shifting or reducing energy use between the hours of 11 a.m. and 7 p.m. on summer weekdays.

**Shift the start of laundry by using the delay button on your washing machine and line dry your laundry.**

Discover more Summer Shift Tips in the July MiNews or online at [www. MiEnergy.coop/summer-shift](http://www.MiEnergy.coop/summer-shift)

## The Inflation Reduction Act includes tax credits & rebates

Take advantage of a 30% federal tax credit, with a maximum of \$2,000, to purchase an energy efficient air-source heat pump (ASHP)

- A heat pump provides whole-house heating and cooling and is a super efficient way to save hundreds of dollars a year on energy bills.
- Mini split systems work great in homes with no central venting systems, such as older homes or new additions.
- In 2022, sales of heat pumps exceeded that of gas furnaces for the first time in the U.S.\*

Visit [www.EnergyStar.gov](http://www.EnergyStar.gov) for more information on approved units and find MiEnergy's \$300/ton rebate and more at [www.MiEnergy.coop](http://www.MiEnergy.coop)
