

Building a New Home?

The planning starts now for electric options!

Electric water heaters

- Co-op members can receive a FREE water heater with the construction of a new home.
- MiEnergy offers a FREE lifetime tank warranty and FREE service calls during normal business hours with the purchase of a water heater from the cooperative.
- No gas lines or venting required.
- Units are highly efficient and can be paired with electricity generated from renewable resources.
- When combined with the co-op's load control device, it runs like a "smart appliance," providing stability and efficiency to the power grid by heating water when demand for electricity is low and storing it for later use.
- Upon request water heaters on the storage strategy can receive four 100 kWh Evergreen blocks for FREE.

Ask how to get a FREE 85 or 105 gallon Marathon electric water heater for your new home!

Home security and automation

- Leave installation to the professionals. Heartland Security makes owning and operating a home, farm or commercial security and video surveillance system easy.
- Add automation for energy efficiency.
- FREE, no pressure security analysis.

Call Heartland Security at 888-264-6380 and ask about MiEnergy member pricing!

Get an air-source heat pump

- Get more from your air cooling system with an air-source heat pump.
- A cold climate heat pump will provide heating and cooling through every season.
- Super efficient, it delivers up to three times more energy than the electricity it uses.
- When paired with a natural gas furnace, it qualifies for dual fuel electric rates.
- Achieve sustained savings through energy efficiency.

Ask about rebates available for heat pumps!

Green options for your home and vehicle

- If you're dreaming of greener options for powering your home and/or vehicle without the hassle of owning or maintaining equipment, ask about our Evergreen and Renewable Rays programs.
- Consider having your garage pre-wired for an electric vehicle charger.
- MiEnergy has two rates for electric vehicle charging during off-peak periods. A voluntary time-of-use charging rate or a monthly subscription rate. Upon request, these rates also include four 100 kWh Evergreen blocks for FREE to charge your ride.

Rebates are available for electric vehicle chargers!

Appliances, lighting, etc.

- Rebates are available for several different Energy Star-rated electric appliances, LED bulbs and occupancy sensors.
- All rebate forms can be found at www.MiEnergy.coop.

Visit our website for details!

All offers are subject to change. Contact your local electric cooperative for details.
